

ALDA 8609

This dual-layer model combines the warmth of an insulated mitten with the precision of a full-finger glove hidden underneath. Simply unzip the outer shell to access radios, weapons, GPS devices and other tools without sacrificing protection or dexterity. The mitten features high-performance insulation on the backhand and a soft, thermal lining throughout the palm. A long, adjustable cuff fits easily over jacket sleeves for added coverage and weather resistance.

Alda Long Black

PRODUCT DESCRIPTION

Cuffs: Long
Colors:  Black

CARE & MAINTENANCE:

We recommend hand washing at 35° C.

PROCEDURE: Remove coarse dirt after each use. Before washing, fasten the Velcro fasteners and remove the snaps. Use a liquid detergent. Wash on a short programme.

TO MAKE THE GLOVE FIT BETTER: Shape the glove several times after washing and during drying. Do not dry in direct sunlight or heat sources, do not use a tumble dryer. Store the gloves in a dry environment.
