

TARA 8517

Textile, flame retardant, impact resistant gloves with exceptional dorsal protection for exceptional sensitivity during police and military interventions during demonstrations, against rowdies or for conflict prevention.

PRODUCT DESCRIPTION

Cuff: Short

Color: Black

TARA Short Black

UPPER MATERIAL:

- Back: Elastic knit DuPont™ Nomex®.
- Palm: Goatskin leather with hydrophobic treatment

REINFORCEMENT:

- Impacton smart foam knuckle impact protection on glove back.
- Leather reinforcement on glove back and palm.
- Special palm reinforcement with ceramic microcrystals.
- Shock-absorbing filling of the reinforcement – increased protection in the most exposed areas. Special index finger design with a stretched seam on the back side for more sensitive control of the weapon and longer glove life.
- Elements for control of touch devices on the middle of the right and left glove.

LINING:

- Cut resistant knitted lining made from para-aramid / PES / Fiberglass in the whole palm including fingers.

OTHER INFORMATION:

- Special index finger design with an overstitched seam on the back for more responsive gun control and longer glove life.
- Touch controls on the middle finger of both the right and left glove.
- High strength.
- Reduced flammability.
- Resistance to mechanical hazards.
- Sensitivity, flexibility.
- Anatomically structured palm reinforcements.
- Close-fitting comfort fit.
- The glove is finished with a Velcro fastening strap.
- Extended glove length for increased wrist protection.
- Cuff loop for hanging the gloves on a carabiner.

CARE & MAINTENANCE

We recommend hand washing at 35°C.

PROCEDURE: Remove coarse dirt after each use. Before washing, fasten the Velcro fasteners and remove the snaps. Use a liquid detergent. Wash on a short programme. **TO MAKE THE GLOVE FIT BETTER:** Shape the glove several times after washing and during drying. Do not dry in direct sunlight or heat sources, do not use a tumble dryer. Store the gloves in a dry environment.

RECOMMENDED USE:

Holík Washing Gel

The washing gel is natural based for leather and textile gloves with high washing efficiency. It reduces bacteria, does not pollute the environment and is fully biodegradable (Eco-Friendly). Always use rubber protective gloves when hand washing.

Holík Emulsion

The Holík emulsion protects against water, oil, dirt and revives the colour. Adding fat to the leather prevents the leather from hardening during drying. The emulsion is intended as a nourishment for leather products. For easy use, you will also find a sponge in the package for easy application.

Impregnation spray Holík

A highly effective impregnating spray for leather and textiles that protects against moisture, water, oil and dirt while maintaining the breathability of the material. Apply the impregnation in a thin layer on dry product and allow to dry for at least 12 hours.
