User information:

We have models in stock.

Care and storage:

Remove rough dirt by a suitable brush, wet cloth or eventually with a sponge and let them dry. It is also possible to use a spray designed for treating membrane footwear made of smooth leather.

Store the clean and treated boots in the dry ventilated environment.

Standards:

Boots are tested according to EN 15090:2012.

EN 15090:2012

F2A HI₃ SRC P T A CI

Symbol	Requirement
HI ₃	Heat insulation
SRC	Slip resistance
P	Penetration resistance
T	Energy absorption
A	Antistatic boots
CI	Cold insulation
