

RITA

Protective gloves ideal for work in forest environments. The high sensitivity and impact protection of the knuckles on the back of the hand make them suitable for working with saws.

Rita 6604
Orange

UPPER MATERIAL:

- Back: Elastic textile.
- Palm: Synthetic leather.

REINFORCEMENT:

- Special shockproof reinforcement - protects knuckles on the backs of the hands.
- TPR reinforcement – protects backs of the fingers.
- Synthetic leather reinforcement on fingertips.
- Abrasion-resistant PVC Reinforcement with anti-vibration foam filling, solid double stitching - palm protection.
- PA/Kevlar® reinforcement - protects the area in between the thumb and index finger.

CUFFS:

- Elastic wristband made of neoprene with velcro fastening.
