

RITA 6604

Work gloves with significant vibration dampening effects when working with power tools.

PRODUCT DESCRIPTION

Colour:  Orange
RITA Neo 6604

UPPER MATERIAL:

- Back: Durable elastic fabric.
- Palm: Synthetic leather.

REINFORCEMENT:

- Protection of the joints and the back of the hand – special anti-impact reinforcement.
- Finger back protection – TPR reinforcement.
- Palm protection – durable PVC reinforcement with anti-vibration foam padding and strong double stitching.
- Palm fingertips – synthetic leather reinforcement.
- The reinforcement between the thumb and the index finger made of Kevlar®/PA fabric with FR coating covers the side seams, increases the life of the glove thanks to high abrasion resistance.

CUFF:

- Neo: Neoprene cuff with velcro closure.

STANDARDS:

- EN ISO 21420
- EN 388:2016+A1:2018

OTHER INFORMATION:

- The gloves are suitable for work in forest environments.
- The palm reinforcement properties of the RITA gloves meet the vibration damping requirements of the technical standards ISO/DIS 13753 and EN ISO 10819.

size	7 (S)	8 (M)	9 (L)	10 (XL)	11 (2XL)	12 (3XL)

CARE & MAINTENANCE:

Choose a more ecological short washing program at 40 °C.

PROCEDURE: Remove coarse dirt after each use. Before washing, fasten the Velcro fasteners and remove the snaps. Use a liquid detergent. Wash on a short programme.

TO MAKE THE GLOVE FIT BETTER: Shape the glove several times after washing and during drying. Do not dry in direct sunlight or heat sources, do not use a tumble dryer. Store the gloves in a dry environment.

RECOMMENDED USE:

Holík Washing Gel

The washing gel is natural based for leather and textile gloves with high washing efficiency. It reduces bacteria, does not pollute the environment and is fully biodegradable (Eco-Friendly).

Impregnation spray Holík

A highly effective impregnating spray for leather and textiles that protects against moisture, water, oil and dirt while maintaining the breathability of the material. Apply the impregnation in a thin layer on dry product and allow to dry for at least 12 hours.
