Product identification:**Medical Face Mask NANO M8002****Basic UDI-DI: 859406007002GB**

0745760934737 M8002_001 White, Box 50pcs

0745110765677 M8002_004 White, Box 20pcs

0745760934751 M8002_002 White, Bag 10pcs

0745760934768 M8002_003 White, Bag 5pcs

Intended use:

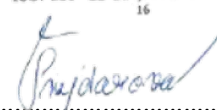

Medical Face Mask NANO M8002 is intended to reduce the risk of spread of infections, particularly from the user to the surroundings and to protect the wearer against splashes of potentially contaminated liquids.

Medical Face Mask NANO M8002 was classified as a medical device risk class 1 and complies with the Regulation (EU) 2017/745. The product fulfils all requirements of the harmonized standard EN 14683:2019+AC:2019: *Medical face masks – Requirements and test methods*. The product meets the requirements for the Type IIR. The mask is in conformity with the Test Report Ref. No. 2021TM0674, which was issued on the 25th March 2021 by the notified body No. 0161 – AITEX („The Textile Industry Research Association“).

This Declaration of Conformity is available on the website www.holik-international.com.
